Wilcox called Emmeluth a snake, and why, because he could not see the big one right in front of him Kalau-okalani. If I was the speaker for the party I would run him out of the delegateship. Wilcox will never again be the delegate. What kind of a man is Kalau-okalani? A thief and a snake. There were many bills in the secretary's deak here during the session of the Legislature. Moss. the secretary, was sick and they had to send for the key to the deak. The hackman brought the key back and finally gave it to Kalauokalani. He opened the deak and took everything out and ed the desk and took everything out and when the secretary came there every-thing had been destroyed. For that

alone Kalauokalani ought to fired out.

(Applause). He is a thief and snake."

Bipikane made one of his characteristic speeches, fiery and humorous at the same time. "We are hearing much about the faiseness of our leader and delugate. I was the one who accuract Kalauogalas. I was the one who accused Kalauogaiani of taking bribe money. I don't care for him. These two leaders tried to tun us into a hole. These men are real stakes. When they bite they poison. We all thought these two snakes were quite like lambs. I went to war with Wilcox and came near getting shot by his foolighness. He was a foolish leader and elmost led us to our graves. My eyes are pended now and I will always keep one on him. The delegate is a low-lived character, a body who ate the fat of our land. We choose Prince Cupid for our delegate. Wilcox is a bad man. You cannot sout was the one who accused Kalauogaiani wite choose Frince Cupid for our delegate.

Senator David Kanuha denounced Kaschalor David Kanuha denounced Ka-lauckalani in no uncertain terms and told an incident about the charges of bribery which were bruited about at the time the Legislature was in session. "Kalaucka-lani teld the people that he could not be bought for a million dollars. He would not do anything for the people as he said he would. He was like a man on the fence, leaning which ever way the wind

"Kalauokalani would not do anything, but just went around and asked for money. Kalauokalani came to me one day and said: 'Let's go down to W. G. Irwin.' I asked him why. He answered. Irwin. I asked him why. He answered.

I told him I did not want money that

way, but still he would not listen to my refusal. He kept on coaxing me and asked me to go to some of the big business houses with him to get money.
"Well. we were blind as to Wilcox and Kalauokalani then, but we see now and cannot be misled. There is a place told of in the Bible for the bad men and a place for those who keep faith. Wilcox place for those who keep faith. Wilcox and Kalauckalani will go down into the dirt where they belong." (Applause).

Sam Kaloa, formerly a Democrat, but who now aligns himself with Prince Cupid spoke earnestly in favor of the Prince. Joe Clark said all the young men had been called by the leaders "Damn fools." "Some of us wanted to walk out then. When they applied that coithet to us there at the convention, they insulted all the young men of the party all over the islands."

After a short time during which other speeches were made. Prince Cupid came out more boldly and an-nounced in definite terms that he was done with Wilcox and Kalauokalani.
When Cupid finished his very brief talk a Hawaiian jumped to his feet and demanded that the two dictators go on their knees to the Prince and sue for pardon.

Jesse Makainai, one of Wilcox's henchmen made a speech which did not receive much favor. He thought there was too much growling at the leaders. He thought a meeting ought to be called for both factions where matters could be patched

John Wise jumped to his feet instantly and warned the reformers that the mem-bers of the old faction were still trying to pour oil upon them. "These very peo-ple have fired us out and it is shameful for us to eat what we have thrown out of our mouths. Only dogs will eat what is thrown to them, but not we. They cheated us and ran us down. If the leaders want to do so, let them come and kneel down before us and say they were wrong. Let them tell us they are pau and will step out, and let them say that our new constitution will be accepted. I want to give Wilcox and Kalauokalan until Monday to come and apologize and say they will step out from the leader-

stituted therefor. Cupid then arose and spoke what had evidently been on his mind the whole evening. He announced his entire reevening. He announced his entire re-nunciation of the original party and its leaders. "The other evening I lowered myself by going to shake hands with a man like that" (pointing toward the room in which Wilcox sat, and referring also to Kalauokalani). "I will never go back to that party. I will never do twice what I did the other night. Never!" (Cheers and applause.)

Judging from a cursory examination and from the evidences of those met about the settlement, the conditions now are becoming more and more satisfactory to the residents, decreasing in numbers as they are, and reaching the stage of life when they will become more and more helpless from disease. The motion was passed and the committee was appointed as above. ing.

The meeting then broke up and all departed, leaving Wilcox almost alone. However, the voice of the house of Wilcox could be heard from other quarters. Mrs. Wilcox shouted at each man who stepped upon the sidewalk and denounced everybody in general. It was then that John Emmeluth caught it, and Theresa even went so far as to deride the title of the Prince in his
